

# NVQ L3 Occupational Health & Safety

## NVQ L3 Occupational Health & Safety

**Our Level 3 NVQ Certificate in Occupational Health and Safety is designed for individuals with responsibility for workplace health and safety. Whether you're a safety officer, supervisor, or manager seeking to formalise your experience, this qualification provides a structured, work-based pathway to evidence your competence.**

As a nationally recognised qualification, it enables candidates to apply knowledge in real workplace situations without the need for classroom training. Completion of this NVQ supports career progression in health and safety roles across diverse industries and provides a recognised route towards professional memberships such as TechIOSH (Technical Membership of IOSH).

| RQF LEVEL | MEMBER   | FUNDING |
|-----------|----------|---------|
| 3         | TechIOSH | ELCAS   |

- **Enhance Your Health & Safety Knowledge:** Learn how to manage workplace safety effectively, from risk assessments to incident investigations.
- **Recognised Certification:** Gain a qualification accredited by ProQual and regulated by Ofqual.
- **Flexible Work-Based Assessment:** Complete your NVQ while working—no exams or classroom training required.
- **Career Progression:** Meets the requirements for TechIOSH membership and enhances employment opportunities.
- **Improve Workplace Safety Culture:** Develop and implement best practices to reduce risks and ensure compliance.
- **Nationally Recognised Qualification:** Demonstrates your competence to employers across multiple industries.

# Qualification Outline:

**Candidates must complete all mandatory units plus one optional unit.**

## Mandatory Units

**All 6 units must be achieved from this group:**

- Investigate and evaluate health and safety incidents and complaints in the workplace
- Ensure responsibility for actions to reduce risks to health and safety
- Develop procedures to safely control work operations
- Monitor procedures to safely control work operations
- Promote a culture of health and safety in the workplace
- Conduct a health and safety risk assessment of the workplace

## Optional Units

**A minimum of 1 unit must be achieved from this group:**

- Make sure actions in the workplace aim to protect the environment
- Review health and safety procedures in the workplace
- Supervise the health, safety, and welfare of a learner in the workplace

## Method of assessment

The method of assessment is a **one-step** journey:

### Step 1: Portfolio of Evidence

Completing an NVQ doesn't require you to take traditional exams. Instead, assessment is based around your competency in fulfilling your job role duties to meet occupational standards. Assessors will evaluate you based on the contents of your portfolio. It's essential to maintain this portfolio with evidence showcasing the tasks, duties, and accomplishments you've accomplished in work.
